Mindful Messaging

- What is tone? What does the girl in the video mean when she says that people might take the tone of your message the wrong way when you’re texting?
- What did the girl in the video hope to communicate with her text messages? How did her friends interpret her messages?
- Have you ever gotten a text message that made you think your friend was mad at you? What did you do?
- What is the lesson at the end of the video?
- Are there any topics that are better to discuss in person instead of over text message?
